

VELCRO® BRAND & VELCRO® BRAND ALFATEX® FASTENERS

Original hook-and-loop
fasteners enhanced with
SNT-Group conversion
expertise

QUALITY TOGETHER

The original VELCRO® Brand hook and loop fasteners have found countless uses in all walks of life from footwear to military applications, from trade shows to industrial use.

SNT-Group is a Premium Distributor for VELCRO® Brand and VELCRO® Brand ALFATEX® fasteners in Finland and the Baltics. With cutting, sewing and punching expertise in our factory in Tampere, we convert the quality VELCRO® Brand products into complete solutions, realizing almost any conceivable fastening need.

Hook and loop for your need

From textiles to engineered molded hook products, the reusable VELCRO® Brand hook-and-loop fasteners can enhance almost any product – including yours.

Professionals at your service

SNT-Group's conversion expertise and dedication to industrial textiles can bring new ideas to your product development.

Quality for extreme needs

Our long experience in aviation and defense combined with military-spec VELCRO® Brand products enable compliance with even the strictest specifications.

Our solutions

Sewable, adhesive and fire-resistant VELCRO® Brand products

For equipment manufacturing, upholstery and building applications with specific installation or safety demands, the VELCRO® Brand products are available as sew-on tapes, self-adhesive backings or flame-retardant variants compliant with industry standards.

VELCOIN™ fastening coins

Pre-cut circular fasteners in a variety of sizes speed up installation in signage, displays, product assembly and anywhere where clean, removable attachment is essential.

VELCRO® Brand High Technology Hooks (HTH)

Precision-molded hook technologies offer tailored engagement strength and advanced design flexibility in high-performance applications such as automotive seating, medical devices and personal care products.

VELCRO® Brand ONE-WRAP® rolls and shape-cut straps

Reusable, adjustable fasteners for cable harnessing, hose management and organized component handling simplify maintenance and reduce waste in production and service uses.

VELCRO® Brand Military IR fasteners

For defense, security and tactical equipment requiring stealth, reliability and compliance, the infrared-compliant hook-and-loop fasteners are available in multiple MIL-spec colors and finishes.

SNT-Group

Since 1948, SNT-Group has served clothing, shoe, furniture, aviation and automotive industries as well as other industrial customers by providing components, raw materials, assembly, complete products, filters and expert services. Our versatile and continuously developed selection together with our quality system ensure the best possible service to our customers worldwide.
